## **Robert “Bob” Lawrance Conneen Major ( Ret) , United States Army**

Robert “Bob” Conneen was born December 20, 1946. His Military career began during the Vietnam Conflict, serving in the U.S. Navy followed by the U.S. Marine Corps. He graduated from St. Xavier College, School of Nursing in 1976 with a Bachelor of Science Degree in Nursing. After graduation from nursing school, Bob was commissioned as an Army Nurse Corps Officer. He completed his training in anesthesia from the U.S. Army Graduate Program for Nursing Anesthesia in 1980 receiving a Master’s Degree in Health Sciences (Anesthesia).

Bob served an illustrious and highly decorated career in the Military, spanning 27 years and retired in 1991. Some of Bobs assignments in the U.S. Army included: Staff Nurse, Orthopedics and Operating Room, U.S. Army Hospital , FT Leonard Wood, MO ( 1976 – 1978); Staff Clinical Anesthetist, Blanchfield Army Hospital, Ft Campbell, KY (1980-1982); Chief Nurse Anesthetist, Weed Army Hospital, FT Irwin, CA (1982-1983); Staff Clinical Anesthetist Womack Army Medical Corps, Special Staff Officer to Army Surgeon General, Staff Officer to Commander Joint Special Operations Command ( J.S.O.C), Chief Nurse Anesthetist Special Anesthesia Missions Element (Classified); Education Coordinator Special Forces Medic Clinical Rotations, FT Bragg, NC ( 1983-1991). He continued to serve his country as a contract Clinical Nurse Anesthetist at Womack Army Medical Center and as the President and Owner of Performance Anesthesia P.A. (1991-2007).

Bob was raised in a home that always had pets, so needless to say his love of animals started at a young age. As a Teenager he worked for the local veterinarian, before joining the military and going to Vietnam, and had considered a career in Veterinary Medicine or even Herpetology (which was quickly vetoed by his wife! lol) but ultimately decided on a career in Anesthesia. Bob and Denise met in the summer of 1969 and ultimately married on June 1, 1975. Bobs love of animals continued as an adult and he had always expressed a desire to own a Great Dane,

so Denise decided to buy him his first Great Dane puppy as a Wedding Gift, A Brindle bitch named Mountdania's Meg-a-ton CDX "Meg". As Bob and Denise continued on in their married life and started a family, their love of Great Danes continued to grow as well. They eventually purchased their first Conformation Dane from Ms. Barb Caprata, a fawn bitch they named Ch. Concord's Avita "Avita" and upon completing her championship they began their breeding program as Concord Great Danes with Avita as their foundation bitch. With both Bob and Denise having full time jobs, Bobs military commitments and two young daughters they only had 3 litters, but in those three litters they had over 10 champions and were the proud breeders of CH Concord's Charity Von Shrado "Charity" who was the National Futurity winner 1987 ( Owned by Jim and Sandy Hann). As their two daughters grew up their interest in dogs and dog shows grew as well, Nichole and Amanda actively showed in Juniors and the breed ring showing the family Great Danes, it was truly a family hobby for Bob and Denise and their daughters. Bob eventually went on to lease a fawn bitch (CH. V Omega's Golden Treasure )for his daughter Nichole to show both in the breed ring and in Juniors, during their time together in the show ring Nikki and Treasure accomplished many things, but ultimately Winning Best of Breed at the Garden (1996) and Best of Opposite (1997) were the highlights! And Bob was there for it all standing ringside beaming with pride and a smile from ear to ear.

On June 29, 2007 we were all devastated by the unexpected loss of Bob. He was a loving husband, devoted father, Great Dane enthusiast, loyal friend and true Patriot. In the years since his death, his daughters have continued on in the sport of dogs as Handlers and Breeders. His Daughter Nichole has taken over the Concord Great Danes kennel name and has now bred two litters, both of which have been very successful in the show ring. On just her second litter as a breeder Nichole bred her foundation bitch CH. Lost Creek V. Danelane Let's Gossip "Ellie" to CH. Mountdania's Ashley "Bumper" of which she received two beautiful puppies, Nikki kept the fawn male and she named him in Bob's honor; CH. Concord's Ringside Gossip "Bragg", the registered name was one Bob had come up with years ago and always said he wanted to name his next dog and Bragg came about because Bob was stationed at and ultimately retired at Fort Bragg Military base. Nichole, following in the footsteps of Bob and Denise with very limited breeding, went on to win the Futurity with Bragg at the 2010 Great Dane National Specialty!

Bob is survived by his wife Denise, his Daughters their husbands; Nichole (Conneen) & Kyle Holmes, their son and Bob's only Grandchild Barrett Lawrance Holmes, and Amanda (Conneen) & Vito Ciaravino

# AMERICAN KENNEL CLUB

## SCHEDULE OF POINTS FOR DIVISION 4 - EFFECTIVE MAY 13, 2015

### Division 4 is comprised of: Florida, Georgia, South Carolina

For complete Conformation Championship requirements see **Chapter 16** of the Rules Applying to Dog Shows

The Points toward a Championship shall be awarded to the Winners Dog and Bitch of each breed or variety based on the actual number of dogs or bitches competing in that breed or variety.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Breed or Variety, the dogs of both sexes that have been entered for Best of Breed or Variety competition and that have been defeated in such competition, shall be counted in addition to the dogs that completed in the regular classes for its sex in calculating championship points.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Opposite Sex to Best of Breed or Variety, the dogs of its own sex that have been entered for Best of Breed or Variety competition that have been defeated in competition for Best of Opposite Sex, shall be counted in addition to the dogs that completed in the regular classes for its sex in calculating championship points.

After points have been computed for Winners Dog and Winners Bitch subject to the above two stipulations, the dog awarded the Best of Winners shall be credited with the number of points calculated for Winners Dog or Winners Bitch, whichever is greater.

In counting the number of eligible dogs in competition, a dog that is disqualified, or that is dismissed, excused or ordered from the ring by the judge, or from which all awards are withheld shall not be included. Any dog which shall have won fifteen points shall become a Champion of Record, if six or more of said points shall have been won at two shows with a rating of three or more championship points each and under two different judges, and some one or more of the balance of said points shall have been won under some other judge or judges than the two judges referred to above.

### Points Schedule for Great Danes in Division 4

Points:	1	2	3	4	5
<b>Dog</b>	<b>2</b>	<b>7</b>	<b>11</b>	<b>14</b>	<b>17</b>
<b>Bitch</b>	<b>2</b>	<b>9</b>	<b>15</b>	<b>18</b>	<b>23</b>

### How To Figure Points If Your Champion Dog or Bitch Goes Best of Breed

Grand Championship (GCH) points for BOB will be calculated according to the number of dogs of both sexes competing in the regular classes, as well as those dogs competing in Best of Breed competition. In no case shall BOB receive fewer GCH points than BOS.

A dog awarded BOS will be credited with all of the dogs of that sex competing in the regular classes, as well as those dogs of that sex competing in BOB.

A dog awarded Select Dog or Select Bitch will be credited with all of the dogs of that sex defeated in the regular classes, as well as those dogs of that sex defeated in BOB (i.e. Two less than the total entry of their sex.)

GCH points may only be awarded to Champions that are entered in BOB or winners of non-regular classes that are competing in BOB.

TIPS: Veteran dogs or any other non-regular class dogs are not counted in determining points. All eligible entrants from non-regular classes can earn Grand Championship points. Any Champion dog from the regular or non-regular classes is not considered for the requirement to defeat at least one Champion of Record at three shows.

TIPS: When counting dogs in competition, you only count dogs present that are judged. Dogs that are disqualified, dismissed, excused, absentee or have all awards withheld do not count.

# Great Dane Breed Standard

## General Appearance

The Great Dane combines, in its regal appearance, dignity, strength and elegance with great size and a powerful, well-formed, smoothly muscled body. It is one of the giant working breeds, but is unique in that its general conformation must be so well balanced that it never appears clumsy, and shall move with a long reach and powerful drive. It is always a unit-the Apollo of dogs. A Great Dane must be spirited, courageous, never timid; always friendly and dependable. This physical and mental combination is the characteristic which gives the Great Dane the majesty possessed by no other breed. It is particularly true of this breed that there is an impression of great masculinity in dogs, as compared to an impression of femininity in bitches. Lack of true Dane breed type, as defined in this standard, is a serious fault.

## Size, Proportion, Substance

The male should appear more massive throughout than the bitch, with larger frame and heavier bone. In the ratio between length and height, the Great Dane should be square. In bitches, a somewhat longer body is permissible, providing she is well proportioned to her height. Coarseness or lack of substance are equally undesirable. The male shall not be less than 30 inches at the shoulders, but it is preferable that he be 32 inches or more, providing he is well proportioned to his height. The female shall not be less than 28 inches at the shoulders, but it is preferable that she be 30 inches or more, providing she is well proportioned to her height. Danes under minimum height must be disqualified.

## Head

The head shall be rectangular, long, distinguished, expressive, finely chiseled, especially below the eyes. Seen from the side, the Dane's forehead must be sharply set off from the bridge of the nose, (a strongly pronounced stop). The plane of the skull and the plane of the muzzle must be straight and parallel to one another. The skull plane under and to the inner point of the eye must slope without any bony protuberance in a smooth line to a full square jaw with a deep muzzle (fluttering lips are undesirable). The masculinity of the male is very pronounced in structural appearance of the head. The bitch's head is more delicately formed. Seen from the top, the skull should have parallel sides and the bridge of the nose should be as broad as possible. The cheek muscles should not be prominent. The length from the tip of the nose to the center of the stop should be equal to the length from the center of the stop to the rear of the slightly developed occiput. The head should be angular from all sides and should have flat planes with dimensions in proportion to the size of the Dane. Whiskers may be trimmed or left natural. **Eyes** shall be medium size, deep set, and dark, with a lively intelligent expression. The eyelids are almond-shaped and relatively tight, with well developed brows. Haws and mongolian eyes are serious faults. In harlequins, the eyes should be dark; light colored eyes, eyes of different colors and walleyes are permitted but not desirable. **Ears** shall be high set, medium in size and of moderate thickness, folded forward close to the cheek. The top line of the folded ear should be level with the skull. If cropped, the ear length is in proportion to the size of the head and the ears are carried uniformly erect. **Nose** shall be black, except in the blue Dane, where it is a dark blue-black. A black spotted nose is permitted on the harlequin; a pink colored nose is not desirable. A split nose is a disqualification. **Teeth** shall be strong, well developed, clean and with full dentition. The incisors of the lower jaw touch very lightly the bottoms of the inner surface of the upper incisors (scissors bite). An undershot jaw is a very serious fault. Overshot or wry bites are serious faults. Even bites, misaligned or crowded incisors are minor faults.

### **Neck, Topline, Body**

The neck shall be firm, high set, well arched, long and muscular. From the nape, it should gradually broaden and flow smoothly into the withers. The neck underline should be clean. Withers shall slope smoothly into a short level back with a broad loin. The chest shall be broad, deep and well muscled. The forechest should be well developed without a pronounced sternum. The brisket extends to the elbow, with well sprung ribs. The body underline should be tightly muscled with a well-defined tuck-up.

The croup should be broad and very slightly sloping. The tail should be set high and smoothly into the croup, but not quite level with the back, a continuation of the spine. The tail should be broad at the base, tapering uniformly down to the hock joint. At rest, the tail should fall straight. When excited or running, it may curve slightly, but never above the level of the back. A ring or hooked tail is a serious fault. A docked tail is a disqualification.

### **Forequarters**

The forequarters, viewed from the side, shall be strong and muscular. The shoulder blade must be strong and sloping, forming, as near as possible, a right angle in its articulation with the upper arm. A line from the upper tip of the shoulder to the back of the elbow joint should be perpendicular. The ligaments and muscles holding the shoulder blade to the rib cage must be well developed, firm and securely attached to prevent loose shoulders. The shoulder blade and the upper arm should be the same length. The elbow should be one-half the distance from the withers to the ground. The strong pasterns should slope slightly. The feet should be round and compact with well-arched toes, neither toeing in, toeing out, nor rolling to the inside or outside. The nails should be short, strong and as dark as possible, except that they may be lighter in harlequins. Dewclaws may or may not be removed.

### **Hindquarters**

The hindquarters shall be strong, broad, muscular and well angulated, with well let down hocks. Seen from the rear, the hock joints appear to be perfectly straight, turned neither toward the inside nor toward the outside. The rear feet should be round and compact, with well-arched toes, neither toeing in nor out. The nails should be short, strong and as dark as possible, except they may be lighter in harlequins. Wolf claws are a serious fault.

### **Coat**

The coat shall be short, thick and clean with a smooth glossy appearance.

### **Color, Markings and Patterns**

**Brindle**--The base color shall be yellow gold and always brindled with strong black cross stripes in a chevron pattern. A black mask is preferred. Black should appear on the eye rims and eyebrows, and may appear on the ears and tail tip. The more intensive the base color and the more distinct and even the brindling, the more preferred will be the color. Too much or too little brindling are equally undesirable. White markings at the chest and toes, black-fronted, dirty colored brindles are not desirable.

**Fawn**--The color shall be yellow gold with a black mask. Black should appear on the eye rims and eyebrows, and may appear on the ears and tail tip. The deep yellow gold must always be given the preference. White markings at the chest and toes, black-fronted dirty colored fawns are not desirable.

**Blue**--The color shall be a pure steel blue. White markings at the chest and toes are not desirable.

**Black**--The color shall be a glossy black. White markings at the chest and toes are not desirable.

**Harlequin**--Base color shall be pure white with black torn patches irregularly and well distributed over the entire body; a pure white neck is preferred. Merle patches are normal. No patch should be so large that it appears to be a blanket.

Eligible, but less desirable, are black hairs showing through the white base coat which give a salt and pepper or dirty appearance.

**Mantle**--The color shall be black and white with a solid black blanket extending over the body; black skull with white muzzle; white blaze is optional; whole white collar is preferred; a white chest; white on part or whole of forelegs and hind legs; white tipped black tail. A small white marking in the blanket is acceptable, as is a break in the white collar.

Any variance in color or markings as described above shall be faulted to the extent of the deviation. Any Great Dane which does not fall within the above color classifications must be disqualified.

### **Gait**

The gait denotes strength and power with long, easy strides resulting in no tossing, rolling or bouncing of the topline or body. The backline shall appear level and parallel to the ground. The long reach should strike the ground below the nose while the head is carried forward. The powerful rear drive should be balanced to the reach. As speed increases, there is a natural tendency for the legs to converge toward the centerline of balance beneath the body. There should be no twisting in or out at the elbow or hock joints.

### **Temperament**

The Great Dane must be spirited, courageous, always friendly and dependable, and never timid or aggressive.

### **Disqualifications**

*Danes under minimum height.*

*Split nose. Docked Tail.*

*Any color other than those described under "Color, Markings and Patterns"*

**Approved January 11, 2011**

**Effective March 1, 2011**
